Blue Gems Technical Services

Blue Gems offers high-quality expertise in the field of MEP, Civil, and fit-out works. Over the last few years. We made rapid strides and have established ourselves as a quality service provider in the fields of MEP (HVAC, Electrical, Plumbing, and Firefighting), Civil (Tile, Block and plaster, Gypsum, painting, and interlock) and fit-out works. We comprise a sound technical team and have tie up with more than 10 companies to handle any kind of construction and maintenance work.

We provide services for various projects such as hotels, groups of villas, high-rise towers, schools, government projects etc. We provide excellent quality service to all our clients. We provide a wide range of subcontractors to our extensive clients and contractors. We consider that excellence in quality, safety, and environmental compliance are vital to our success and growth. We as a group continuously strive to improve our performance in these areas and have been achieving consistently. We are committed to safeguarding our employees and the environment to put it simply our goal for the HSE is zero injury to our people and zero damage to our environment. Blue Gems takes pride in offering its clients exceptional work that is beautifully and efficiently complete. Our mission is to deliver our client quality MEP and Civil works on time and within the budget. Our expertise and dedication have created a large satisfied customer bas.

OUR MISSION

We strive to offer our customers the lowest possible prices, the best available selection, and the utmost convenience.

OUR VISION

To be Earth's most customer-centric company where customers can find value for their money and services also best for them. Our customer's happiness it's our goal.

CEO MESSAGE

Owing to the support and interest of our customers and shareholders BG Group has overcome multiple crises and obstacles since its establishment in 2018 and has grown to its current state. Our vision of being the "Value No.1 solution provider" has driven us to strive to create new value and provide optimal solutions for our customers.
